Pricing Guide

Server Pricing

Sand Boxer has a one time fee of **$1200.00 USD** per server. Per server is specified as each individual Syteline/CSI utility server.

Each Customer is licensed by name and hardware specifications of the physical/virtual server.

If the server hardware changes then a new license must be re-issued upon the next install. The software will operate under the old license until a new version is installed.

Bulk license pricing can be quoted if the need should arise.

Support

Standard support is provided for the first 30 days which will help answer any basic questions to get the software installed and properly configured.

A support contract can be purchased for **$300 USD** per year. Support covers anything within the Sand Boxer application and generic questions about Syteline/CSI relationship.

Custom coding is **<u>NOT</u>** included but we are happy to help with resolving and come up with any solutions. If the there is a need for custom coded solution there will be a standard SOW issued and agreed upon before work can begin.

All licenses are entitled to free updates for the lifetime of the product "Sand Boxer"
